

Alienware® Area 51® 5300

Description

The new Alienware Area51 5300 represents the epitome of concentrated technology. Combining the latest technology and features with an unbelievably compact form factor, this system defines flexibility. Well-suited to dorm rooms and cubicles alike, this potent system is adaptable to nearly any individual's needs. Beneath the discreetly modern aesthetic is the full array of functionality you demand. With the simple touch of a button, the system reveals the optical drive of your choice. In similar fashion, applying pressure to the

lower front panel uncovers a series of ports including USB and Firewire to allow you to seamlessly integrate your digital devices.
