

# Alienware® Bot

## Description

Alienware Bot systems serve up solid performance and top-notch technology at a budget maximizing value. The space-saving design houses a robust system that delivers the multi-function computing needed at any corporate or home office. Intel® Pentium® 4 processors with HT technology lend high-speed performance, with superb quality and reliability.

## System Features

- Support for next-generation Intel® Pentium 4 processors with HT Technology
- Supports full-length PCI-Express graphics cards for optional performance upgrades
- Intel® High Definition 5.1 audio
- Advanced thermally advantaged design for a quiet computing environment
- Increased work space – or play area – and reduced clutter due to Bot's small footprint of only 13.58" (depth) x 5.35" (width) x 13.77" (height)

## System Overview\*

- Intel Pentium 4 Processor 520 with HT Technology
- Microsoft Windows XP Home Edition
- 256 MB DDR PC-3200 SDRAM 400 MHz
- 80 GB Seagate SATA with 8MB Cache
- Integrated Intel Graphics Media Accelerator 900
- Intel High Definition 5.1 Audio
