

# Alienware® DHS™ 2 Series

## Description

The Alienware DHS 2 series is the next step in the PC evolution. The DHS 2 series allows you to enjoy all of your entertainment the way you want. New technologies that bring this are Discover Console Gaming technology - an exclusive to Alienware, Microsoft® Windows® XP Media Center Edition 2005 and Microsoft's Media Center Extenders. The combination of these allows you to record multiple TV

shows, watch live TV from a Microsoft Xbox, play PC games on your big screen TV, stream your favorite music tracks into any enabled room in your home, produce slide shows from all of your digital photos, and jump into the digital world by downloading your favorite movie - rather than standing in line at the video store. We can't even begin to scratch the surface of all you can do with the Alienware DHS 2 series - the possibilities are endless.

## System Features

- Schedule and record TV programming up to 14 days in advance **without monthly fees**
- Edit and organize up to 5,000 digital photos and create a custom slideshow
- Pause, play, and store hundreds hours of recorded television
- Download thousands of On-Demand movie titles and music tracks
- Connect to 16.9 or 4.3 analog or digital televisions for breathtaking video
- Ability to store, playback, and burn CD's and DVD's
- Play the latest computer games using DISCover Console Technology
- Use Microsoft's Media Center Extenders that stream your media center content to any room with a Media Center Extender
